Ozark NURSERIES CO.

TAHLEQUAH, OKLAHOMA — Phone Glendale 6-2521

OZARK NURSERY COMPANY, TAHLEQUAH, OKLA.

TERMS AND CONDITIONS

TERMS—1% discount for cash if paid on or before 10th of month following date of invoice, and is due NET 30 days thereafter. Interest charged on past due accounts.

These terms are offered to those with established credit; otherwise cash, security, or satisfactory references. C. O. D. orders must be accompanied by one-fourth cash. Packing will be charged at cost on all orders except bulk truck or car shipments.

Prices named in this list are based upon present market conditions and are subject to change without notice. These are wholesale prices and apply upon the following quantities:

10 to 29 rate — 30 to 299 rate — 300 up rate (where published)

All grades and varieties in any one class (except patented varieties) allowed to make total. For example all fruit trees are considered one class, all shrubs one class, etc.

The following are different classes: Fruit trees, grapes, berries, nut trees, shade and ornamental trees, shrubs, hedges, vines, evergreens, roses, peonies, perennials, and bulbs.

PATENTED ITEMS—See individual headings.

BROKEN LOTS—The wholesale prices in this list apply for wholesale quantities. Please order in multiples of 10 to avoid breaking bundles. Broken lots of less than 10 of any one variety and grade will be billed at \$.25 per plant above 10 rate.

SHIPPING—Please give shipping instructions whether by pool truck, motor freight, or express and route. If no instructions are given, we will forward to the best of our judgment without assuming responsibility. **All shipments travel at the purchaser's risk and expense.**

GRADING—All Ozark Nursery stock is graded generously with the American Association of Nurserymen Standards used as a minimum.

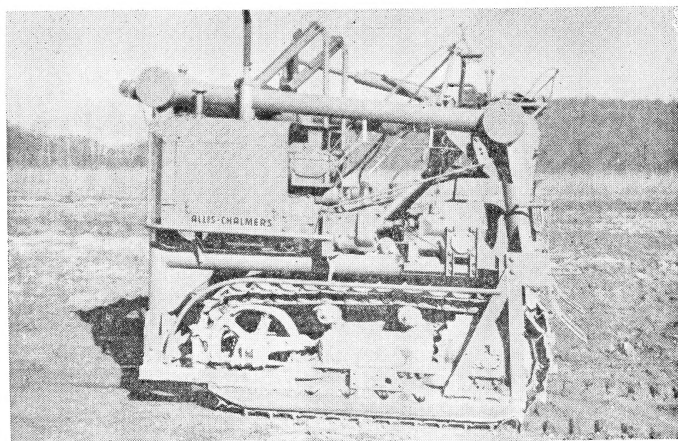

TRUCK DELIVERY—We can make truck delivery on full loads, or pool your order with other customers in your area to make load, to any place within the United States at rates as low, and in most cases lower, than local freight rates. If you prefer to call for your stock with your own truck, we should have advance notice so we can have the stock ready.

CAUTION—We accept all orders subject to crop conditions and on condition that same shall be void should injury befall our stock from hail, fire, frost, error in count or other causes beyond our control. All orders are accepted without liability for non-performance if labor shortages or delay in transportation should prevent us from making delivery.

GUARANTEE—If any nursery stock proves untrue to the description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace such nursery stock or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

CLAIMS—For any cause must be made promptly upon receipt of stock. We will not entertain claims after goods have once been accepted or when report is not made within 10 days after arrival of stock. We express or imply no warranty as to the productiveness or life of the nursery stock we sell and will not be in any way responsible for the results secured in transplanting.

SPECIAL NOTICE—Correspondents are requested to use their printed business letterheads. We do not quote wholesale prices to retail buyers. We make every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them.

Complete customer satisfaction is dependent on vigorous growth and healthy plants. To achieve this customer satisfaction, Ozark has invested over \$15,000.00 in this large mechanical digger. This machine assures the buyer of a strong, heavy root system that is certain to thrive and grow after planting.

BUSH FRUITS

HANSEN BUSH CHERRY (Improved Besseyi)

An ornamental shrub, producing delicious fruit. Very easy to grow, highly productive and hardy. The fruit is large, black and wonderful to eat from the bush. Leaves are silvery green, turning red in Autumn. Attractive white blossoms add to landscape effect. Best to plant two or more bushes for pollination. Since this is a dwarf growing plant, it could be the answer to your calls for dwarf cherry trees.

MAHAN—Extra large, long, thin-shelled. The largest pecan.

STUART—Large, round, tasty nuts. Most hardy and best for Oklahoma.

SUCCESS—Round nuts, very resistant to scab, beautiful trees.

WESTERN SCHLEY—Long, very thin-shelled, heavy producer, disease resistant.

CARPATHIAN ENGLISH WALNUTS

A new hardy strain comes from the Carpathian mountains in Poland. Thin-shelled and fruited here in Cherokee County last year. Our trees are propagated from a selected tree which started bearing young and bears heavily and regularly. Will stand cold weather and develops into large specimen trees. One of the fastest selling items that we retail. Besides being a fast seller, it will make you a good profit.

FLOWERING CRABS (Malus)

Almey Crab

This spectacular new brilliant red Crab has very large glistening, fiery crimson blossoms, with white markings at the base of each petal which gives the effect of a five-pointed star. Generally blooms the first year planted and looks like a mass of flame at blossom time in May. Scarlet fruit in summer. Thrives in poorest soil, perfectly hardy in all sections, and easy to grow. Grows 15 to 20 feet tall at maturity.

HAWTHORN, PAUL'S SCARLET (*Crataegus Oxyacantha Pauli*)

Beautiful ornamental tree with clusters of double scarlet flowers. 20 ft.

5 to 6 feet.....	2.10	2.00	—
------------------	------	------	---

IMPERIAL LOCUST (Plant Patent No. 1605)

An exceptionally graceful, spreading tree. The branches are symmetrically arranged forming a regular, compact tree. The foliage is dainty and refined and has a fresh green color. It grows straight and strong without staking and produces a uniform head with a minimum of trimming. We consider this the best of all the new patented locust trees on the market.

4 to 5 feet (whips).....	1.80	1.60	1.30
5 to 6 feet (whips).....	2.05	1.85	1.55

6 to 7 feet (branched).....	3.10	2.75	2.30
7 to 8 feet (branched).....	3.50	3.10	2.60

SKYLINE LOCUST (Plant Patent No. 1619)

A new, stately, unusual variety of Locust, with a distinctive pyramidal crown. The foliage is dark green with a heavy texture. The leaves are closely spaced and the leaflets closer spaced than the average honeylocust which contributes to the compact appearance of the crown. Skyline develops an exceptionally strong sturdy trunk and shapely crown without being staked or specially trimmed.

**SHADE AND ORNAMENTAL TREES—(Continued)**

10-29	30-299	300-up
Each	Each	Each

SUNBURST LOCUST (Plant Patent No. 1313)

The first new color in trees in decades. Brilliant golden foliage on the tips of the branches contrasts beautifully with the rich green of the balance of the tree, making it appear to be in bloom all summer. With its broadly pyramidal head and excellent branching habit, it is a very symmetrical tree. There are lovely white blossoms in the Spring, but no unsightly seed pods to mar the beauty of the tree or lawns.

4 to 5 feet, Whips.....	2.05	1.65	1.55
5 to 6 feet, Whips.....	2.45	1.95	1.80

7 to 8 feet, Branched.....	4.00	3.20	3.00

THORNLESS HONEY LOCUST (Gleditsia Triacanthos Inermis)

An outstanding shade and ornamental tree with fragrant white flowers in Spring. Hardy, long-lived and thrives in dry locations. 50 to 60 ft.

4 to 5 feet.....	.85	.75	—
5 to 6 feet.....	1.35	1.25	—
6 to 8 feet.....	2.10	2.00	—
8 to 10 feet (1 to 1¼ in.).....	2.60	2.50	—
1¼ to 1½ inch.....	3.10	3.00	—

MAGNOLIA RUSTICA RUBRA

Very similar to Magnolia Soulangiana except it blooms later and flowers are red. We consider Magnolia Rustica Rubra the prettiest of all Magnolias. 20 ft.

18 to 24 inch, BR field grown.....	1.35	1.25	—
2 to 3 feet, B & B.....	2.10	2.00	—
3 to 4 feet, B & B.....	3.10	3.00	—
4 to 5 feet, B & B.....	3.60	3.50	—

MAGNOLIA SOULANGEANA (Saucer Magnolia)

The very popular shrub magnolia, whose large fragrant blooms appear before the leaves. Flowers open light purple at base, shading to pink at tips, with inside of petals clear pink to white. Symmetrical upright grower and one of our most beautiful ornamentals. 20 ft.

18 to 24 inch, BR field grown.....	1.35	1.25	—
2 to 3 feet, B & B.....	2.10	2.00	—
3 to 4 feet, B & B.....	3.10	3.00	—
4 to 5 feet, B & B.....	3.60	3.50	—

MAGNOLIA SOULANGEANA NIGRA (Purple Lily Magnolia)

Flowers are very dark in the bud, opening to a deep purplish-red. Late bloomer. Compact habit of growth. 20 ft.

18 to 24 inch, BR field grown.....	1.35	1.25	—
2 to 3 feet, B & B.....	2.10	2.00	—
3 to 4 feet, B & B.....	3.10	3.00	—
4 to 5 feet, B & B.....	3.60	3.50	—

MAGNOLIA STELLATA (Star Magnolia)

Produces numerous delicate pinkish-white, waterlily-like flowers in early Spring. A dwarf grower, seldom reaching a height of more than 10 feet.

18 to 24 inch, B & B.....	2.60	2.50	—
2 to 3 feet, B & B.....	3.10	3.00	—

SHADE AND ORNAMENTAL TREES—(Continued)

	10-29 Each	30-299 Each	300-up Each
MAPLE, CRIMSON KING			
In the Spring Crimson King carries rich, reddish-purple foliage, and this color is retained until leaves drop in the Fall.			
5 to 6 feet.....	2.60	2.50	—

MAPLE, SILVER OR SOFT (*Acer Dasycarpum*)

Fast-growing, well-known. Leaves silver underneath.	60 to 80 ft.

BROADLEAF EVERGREENS

Last year we experimented with plants in papier-mache pots. The reception was so good that we are offering all of our customers a choice of potted or balled and burlapped evergreens. Be sure to specify which you want when placing your order.

NOW YOU CAN . . .

SELL EVERGREENS

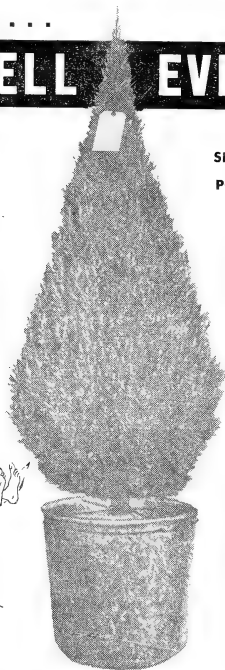

WITH LESS

EFFORT...

AND

MAKE MORE

MONEY!

SEE HOW OZARK'S

POTTED EVERGREENS BENEFIT YOU!

- 1 Have more buyer appeal — They are in attractive green papier-mache pots.
 - 2 Easier to display — Just set potted evergreens on ground, sidewalk, parking area, or other display area.
 - 3 Save your money — No hoeing is required! No special bins to build! No painting! No sawdust or peat moss to buy!
 - 4 Make a more beautiful display in attractive green papier-mache pots — No ugly old fashion burlap balls to see.
 - 5 Cleaner — No dirty burlap on evergreen ball to put in Mrs. Customer's car.
- Requires less care while on display — Water put in old fashion burlap ball runs off burlap without penetrating ball of earth around roots. Water put in top of pot can only go down into ball of earth around roots assuring plant of needed moisture while on display.
- 6 New planting convenience for your customer — Simply plant pot and all!
 - 7 After planting pot disintegrates and acts as a mulch.
 - 8 Water drainage hole in bottom eliminates plants becoming waterlogged.
 - 9 Plant is securely tied in the pot — It can't pull out.
 - 10 Ozark's silent salesman actually does the selling job for you. Each plant has a tag giving plant description, uses, planting and cultural instructions.

**BROADLEAF EVERGREENS—(Continued)**

All evergreens grown by us are transplanted stock, field grown, and all have been grown with plenty of room for development. Our soil is especially suitable for balling. Although we cannot assume responsibility for results, our evergreens have given good results throughout Oklahoma and surrounding states. All evergreens are priced balled and burlaped (B & B). All trees have been skillfully sheared to make them symmetrical and compact.

KURUME AZALEAS

The kurume Azaleas become completely covered with blossoms in Spring making them the most showy of all flowers for the garden. They are more dwarf in their habit of growth and not quite as hardy as the Japanese Azaleas, yet, they have stood as much as 14 degrees below zero in Tahlequah without any damage. Azaleas prefer partial shade and acid soil. Should be planted on East or North side for best results. Roots are near surface and should be kept cool and damp by using a two to four inch mulch of peat moss. Do not cultivate. An ideal fertilizer is cottonseed meal but do not put in hole when planting.

8 to 10 inch.....	1.40	1.35	1.25
Coral Bells—Pink	Snow—Pure White	Hinodegiri—Red	

BUXUS SEMPERVIRENS (English Boxwood)

The most popular and hardy boxwood. Small, smooth and slightly curved dark glossy-green leaves growing very close to one another which makes each plant a solid mass.

12 to 15 inch.....	2.20	2.10	2.00
15 to 18 inch.....	2.70	2.60	2.50
18 to 21 inch.....	3.20	3.10	3.00

CAMELLIA SASANQUA CLEOPATRA

The hardiest of all Camellias. Will stand as much cold as Burfordi Holly. Beautiful rose-pink flowers in fall. Will bloom next Summer.

2 to 3 feet.....	2.30	2.10	2.00
3 to 4 feet.....	3.55	3.35	3.25

CHERRY LAUREL (Laurocerasus Carolina)

An exceptionally good upright grower, with light green, glossy foliage. May be kept compact by shearing. All our plants have been root-pruned.

PYRACANTHA RED			
A new item that is wonderful for cash and carry sales. A large evergreen shrub with glossy foliage and produces huge clusters of large red berries.			
2 Year Gallon Cans.....	—	1.35	1.25

PYRACANTHA LALANDI (Lalandi Firethorn)

Upright, fast growing, clusters of orange berries in Fall. Make a beautiful show until late Winter. Hardier than red varieties.

2 Year Gallon Cans.....	—	1.10	1.00
-------------------------	---	------	------

EVERGREENS

All Evergreens grown by us are transplanted stock, field grown, and all have been grown with plenty of room for development. Contrary to most Southern Growers, our Junipers are thick and full. They are 4, 5, and 6 years old and have been sheared heavily and skillfully to make symmetrical and compact plants. We guarantee them to please any Northern buyer and we challenge anyone to grow better quality. To aid you in making more sales, each evergreen is individually tagged with its name and a space is left for you to mark your own selling price.

Our soil is especially suitable for balling. Although we cannot assume responsibility for results, our evergreens have given good results throughout Oklahoma and surrounding states. All evergreens are priced balled and burlapped. (B & B)

	Papier-Mache	B & B	B & B

ROSES

California Grown

We now have our own roses growing in West Covina, California, and they are available for shipment from Tahlequah in early January. They are skillfully grown, carefully sprayed during the growing season and are dug only when well-matured. They are carefully graded under our personal supervision and with our excellent refrigerated storage facilities we are in a position to supply first class plants which give satisfaction.

SUMMER SNOW, Large clusters of white blossoms like drifts of snow.

Patented Roses

We offer these roses under license from patent owner. It is understood and agreed that they are for **Sale at Retail only**, at or above prices specified.

SORRY, WE CANNOT ACCEPT ORDERS FOR BROKEN BUNDLES OF PATENT ROSES

CARELESS LOVE

(Patent No. 1582) (Retails for \$2.50 each, 3 or more \$2.20 each) An entirely new and striking color combination for the rose world. Cerise red petals are covered with irregular spots of white. Long pointed buds open to fully double high crowned blossoms. Heavy luxuriant foliage.

	10-19	20-99	100-249	250-up
	Each	Each	Each	Each
2 Year No. 1.....	1.40	1.25	1.20	1.10
2 Year No. 1½.....	1.12	1.00	.96	.88

CHRYSLER IMPERIAL

(Patent No. 1167) (Retails for \$2.50 each; 3 or more at \$2.20 each). Vivid rich tones of crimson are enhanced by darker overtones of glowing oxblood red, and the gem-like luster of garnet in the folds retains its sparkling beauty. Long tapering buds unfold even in adverse weather, opening to large, high-centered flowers measuring 4½ to 5 inches with 40 to 50 wide petals. These are borne on sturdy, medium long stems. The opening of each glorious rose is a thrilling spectacle of changing iridescent shades of red. A compact and symmetrical grower with abundant, dark green, semi-glossy foliage. AARS winner in 1953.

No. 1.....	1.40	1.25	1.20	1.10
No. 1½.....	1.12	1.00	.96	.88

FIRST LOVE

(Patent No. 921) (Retails for \$2.25 each, 3 or more at \$2.00 each) Long pointed deep pink buds open gradually. As the blossoms mature the pink becomes lighter until the fully open, perfectly formed blossom is a rare, delicate shell pink. Fragrant flowers and lush green foliage.

2 Year No. 1.....	1.25	1.12½	1.05	.95
2 Year No. 1½.....	1.00	.90	.84	.76

**ROSES—(Continued)**

	10-19	20-99	100-249	250-up
	Each	Each	Each	Each
FORTY-NINER				
(Patent No. 792) (Retails for \$2.25 each; 3 or more at \$2.00 each.) Most brilliant bi-color ever introduced. Contrasting colors of vivid oriental red on inside of petals and chrome yellow on outside blend together beautifully. Colors are lasting and bright. Mildly fragrant. AARS winner in 1949.				
No. 1.....	1.25	1.12½	1.05	.95
No. 1½.....	1.00	.90	.84	.76

GARDEN PARTY

(Patent Applied For) (Retails for \$3.50 each, 3 or more \$3.10 each.) New 1960 AARS award winner. Extra large blossoms of creamy ivory, beautifully flushed with pink on outer edges. A cross of Peace and Charlotte Armstrong produced this rose which combines the finer characteristics of both its famous parents. Almost continuous blooms throughout the season.

2 Year No. 1.....	1.90	1.75	—	—
2 Year No. 1½.....	1.50	1.40	—	—

GOLDEN SCEPTER

(Pat. No. 910) (Retails for \$1.85 each; 3 or more \$1.75 each) Rare, new, unfading, golden yellow; long, slender buds, large, high-centered. Won the highest Rose Award in Holland.

No. 1.....	1.05	.92½	.85	.80
No. 1½.....	.84	.74	.68	.64

HELEN TRAUBEL

(Patent No. 1028) (Retails for \$2.75 each; 3 or more at \$2.40 each.) The unusually large buds open to gloriously magnificent blossoms of light sparkling pink tinted with luminous shades of apricot. A very vigorous grower. AARS winner in 1952.

No. 1.....	1.50	1.37½	1.30	1.20
No. 1½.....	1.20	1.10	1.04	.96

MIRANDY

(Patent No. 632) (Retails for \$2.25 each; 3 or more at \$2.00 each.) A strong free-branching plant producing large, long pointed ovoid buds of rich dark red with black shadings, opening to chrysanthemum red. The flower of 50 petals displays new beauties of form and is long lasting. Marvelously fragrant. AARS winner in 1945.

No. 1.....	1.25	1.12½	1.05	.95
No. 1½.....	1.00	.90	.84	.76

MOJAVE

(Patent No. 1176) (Retails for \$2.75 each; 3 or more at \$2.40 each.) A Charlotte Armstrong cross retaining many of the fine plant characteristics of the parent along with the slender bud of that variety. The color is a blend of salmon, apricot and orange, and occasionally in cool weather the salmon changes to red blended with the other two colors. AARS Winner in 1954.

No. 1.....	1.50	1.37½	1.30	1.20
No. 1½.....	1.20	1.10	1.04	.96

PEACE

(Patent No. 591) (Retails for \$2.50 each; 3 or more at \$2.20 each.) Ovoid buds are golden-yellow etched with pink as they open, color changes from canary-yellow to pale gold, to iridescent cream. Petals are edged with apple-blossom pink that deepens as the flower slowly open to glorious 5 inch blooms. AARS winner in 1946.

No. 1.....	1.40	1.25	1.20	1.10
No. 1½.....	1.12	1.00	.96	.88

OSZARK NURSERY COMPANY, TAHLEQUAH, OKLA.

ROSES—(Continued)

TIFFANY

(Patent No. 1304) (Retail for \$2.75 each; 3 or more \$2.40 each.) The long pointed buds are deep pink with golden yellow shading at base of petals. The flowers open to perfectly formed, double, high centered blooms of a pleasing shade of pink. The plant has an upright habit of growth, long strong stems for blooms. Outstanding fragrance and exceptional lasting qualities. AARS Award in 1955.

	10-19	20-99	100-249	250-up
	Each	Each	Each	Each
No. 1.....	1.50	1.37½	1.30	1.20
No. 1½.....	1.20	1.10	1.04	.96

WHITE KNIGHT

(Patent No. 1359) (Retail for \$3.00 each; 3 or more at \$2.65 each.) The long tapered buds open to satiny pure white blossoms borne on long stems. A vigorous growing plant with an upright habit of growth. The only white hybrid tea rose ever to win an All-America Rose Selection Award, AARS 1958.

No. 1.....	1.65	1.50	1.40	1.30
No. 1½.....	1.32	1.20	1.12	1.04

Patented Grandiflora Roses

The new Grandiflora Class consists of varieties relatively tall in growth, free flowering, often with many flowers in clusters but with individual stems, long enough for cutting. The flower size, though not necessarily as large as hybrid teas, is larger than the average Floribunda, with Hybrid Tea standard for bud and flower form.

BUCCANEER

(Plant Patent No. 1119) (Retail for \$2.50 each; 3 or more at \$2.20 each). Brilliant flowers of non-fading, lasting clear yellow. Strong growing plant. Received Gold Medal at the Geneva, Switzerland Trials and Certificate of Merit at Bagatelle and Rome.

No. 1.....	1.40	1.25	1.20	1.10
No. 1½.....	1.12	1.00	.96	.88

CARROUSEL

(Pat. No. 1066) (Retail for \$2.00 each; 3 or more \$1.75 each). The large double flowers could easily class this rose as a Hybrid Tea, but the blooms appear in clusters so free blooming it is classed as a Grandiflora. Continuous mass of glowing deep red flowers regardless of weather. Tall growing, rather upright. Mildew resistant.

No. 1.....	1.10	1.00	.95	.85
No. 1½.....	.88	.80	.76	.65

QUEEN ELIZABETH

(Patent No. 1259) (Retail for \$2.50 each; 3 or more \$2.40 each). Pure pink, and its blooms are set off dramatically by glossy, deep green foliage. The flowers are exquisitely formed and high-centered like a Hybrid Tea. Borne on long almost thornless stems which are ideal for cutting. Blooms are carried both singly and in clusters after the manner of the Floribundas and hold exceptionally well when cut.

No. 1.....	1.40	1.25	1.20	1.10
No. 1½.....	1.12	1.00	.96	.88

**ROSES—(Continued)****STARFIRE**

(Patent No. 1742) (Retails for \$3.00 each; 3 or more \$2.65 each.) Glowing current-red high centered blooms; distinctive, fluorescent, non-fading. Excellent for cutting. Bronzy green foliage. Very vigorous. AAR's Award in 1959.

	10-19	20-99	100-249	250-up
	Each	Each	Each	Each
No. 1.....	1.65	1.50	1.40	1.30
No. 1½.....	1.32	1.20	1.12	1.04

Patented Floribunda Roses**CIRCUS**

(Patent No. 1382) (Retails for \$2.50 each; 3 or more at \$2.20 each.) New multicolor floribunda and only Winner of AARS Award for 1956. The predominant color is yellow with the tight buds richly marked with red. As the blooms unfold, they offer an ever-changing succession of delightful shades with the fully blown flowers putting on a finishing flourish of bright scarlet. Changing colors—yellow, orange, scarlet, buff, apple blossom pink and red makes it unique in the rose world. Medium height, about 28 inches, compact, handsomely foliaged, it fits beautifully into the garden as a colorful border, massed in beds, or planted singly. Stems are straight and sturdy, fine for cutting. Flowers borne in clusters. Fragrant.

No. 1.....	1.40	1.25	1.20	1.10
No. 1½.....	1.12	1.00	.96	.88

FASHION

(Patent No. 789) (Retails for \$2.00 each; 3 or more at \$1.75 each.) Brilliant luminous coral flowers overlaid with gold, opening with wavy graceful petals. All season bloom, large clusters and singly. AARS Award for 1950.

No. 1.....	1.10	1.00	.95	.85
No. 1½.....	.88	.80	.76	.65

FUSILIER

(Patent Applied For) (Retails for \$2.50 each; 3 or more at \$2.20 each.) The reddish-orange buds open to clusters of copper red blossoms that are borne in clusters on a compact vigorous plant. AARS 1958.

No. 1.....	1.40	1.25	1.20	1.10
No. 1½.....	1.12	1.00	.96	.88

GOLD CUP

(Patent Applied For) (Retails for \$2.50 each; 3 or more at \$2.20 each.) The large clusters of yellow buds open to golden blossoms that cover this glossy foliaged, vigorous, compact grower. AARS 1958.

No. 1.....	1.40	1.25	1.20	1.10
No. 1½.....	1.12	1.00	.96	.88

GOLDLOCKS

(Patent No. 672) (Retails for \$1.75 each; 3 or more at \$1.55 each.) Rich golden yellow, buds are ovoid in shape, long lasting, hardy and vigorous.

No. 1.....	1.00	.87½	.80	.75
No. 1½.....	.88	.70	.64	.60

IVORY FASHION

(Pat. No. 1688) (Retails for \$2.75 each; 3 or more at \$2.40 each.) Slender ivory colored buds opening to four-inch flowers; long decorative golden stamens. Fragrant, long lasting. Healthy plant to 30 inches. AARS Award for 1959.

No. 1.....	1.50	1.37½	1.30	—
No. 1½.....	1.20	1.10	1.04	—

OZARK NURSERY COMPANY, TAHLEQUAH, OKLA.

ROSES—(Continued)

JIMINY CRICKET

(Patent No. 1346) (Retail for \$2.00 each; 3 or more at \$1.75 each.) A Floribunda which features tangerine red buds, opening to coral-orange and finishing in a pink coral which is close to the color of Fashion. It has a pleasing old rose fragrance reminiscent of the Hybrid Tea Class. Foliage is glossy bronze in the early stages and at maturity turns to a lush glossy green. The vigorous upright growth makes Jiminy Cricket ideal for hedges and its prolific blooming habit qualifies it as an outstanding color mass or border edge. When cut, the flowers hold well for household arrangements.

RED PINOCCHIO

(Patent No. 812) (Retail for \$1.75 each; 3 or more at \$1.55 each.) Masses of 3½ inch flowers in unfolding clusters. Rich carmine; gradually deepens as blooms open. Wild rose fragrance. Vigorous; prolific bloomer.

No. 1.....	1.00	.87½	.80	.75
No. 1½.....	.80	.70	.64	.60

Patented Climbers

CLIMBING CRIMSON GLORY

(Patent No. 736) (Retail for \$2.50 each; 3 or more at \$2.20 each.) Climbing form of the outstanding Hybrid Tea, producing an abundance of perfectly formed crimson colored blooms.

No. 1.....	1.40	1.25	1.20	1.10
No. 1½.....	1.12	1.00	.96	.88

CLIMBING GOLDEN SHOWERS

(Patent Applied for) (Retail for \$2.75 each; 3 or more at \$2.40 each.) The first Winter-hardy everblooming pillar and climbing rose that actually blooms from early Spring through to late Fall. Fragrant buds and flowers of daffodil yellow. Long pointed buds of 25 to 30 petaled flowers. Almost thornless, very disease resistant. 1957 AARS winner.

No. 1.....	1.50	1.37½	1.30	1.20
No. 1½.....	1.20	1.10	1.04	.96

CLIMBING PEACE

(Patent No. 932) (Retail for \$2.25 each; 3 or more at \$1.75 each.) Climbing form of the famous bush Hybrid Tea.

No. 1.....	1.25	1.12½	1.05	.95

REDI-SET

What Is It?

Redi-Set is a complete self-contained seed starter unit for growing bedding plants indoors in your own home, prior to outdoor planting time. When weather permits, the bedding plants can then be transplanted in your garden.

Each Complete Redi-Set unit is made up of:

Attractive glittering green aluminum container with beautifully colored lithographed lid, showing pictures of the flowers at the height of their beauty.

Sufficient amount of scientifically blended plant growing media and organic plant food to assure proper growth.

Enough of the world's finest seed to produce about three dozen lovely bedding plants for eventual transplanting outdoors. Every seed precision-planted to insure proper spacing in container for maximum growth and ease of transplanting.

Complete instructions and growing data.

When Redi-Set Should Be Sold

Redi-Set is a natural sales item during the months of January, February, March and April when every housewife, amateur gardener and child is anxious for Spring to arrive. They welcome the idea of something green and growing which will bring Spring into the house. Late Winter is too early to plant seed outside and at that time no bedding plants are available. The first sunny day the desire to "grow something" is present. Redi-Set is ideal, it will start growing indoors in cold weather and has enough balanced plant media to hold until transplanting time outdoors.

Potential Customers

Every housewife, every child, every amateur gardener and anyone with a desire to grow something "the easy way" is a potential and very likely customer.

A give away

292 acres of land, 8 miles east of Tahlequah, Oklahoma, high on a hill in the beautiful Ozark foothills, overlooking the Magnificent Illinois River. Better yet, a dwelling, large 100 x 100 fruit packing building, over \$10,000 worth of John Bean Packing equipment, a \$7,000 Hydrocooler, and \$4,000, 400 gallon John Bean Sprayer with Speedair included. All of this Free with the purchase of 10,000 bearing peach trees on this land at only \$3.00 per tree. All for only \$30,000.00. Yes, its true. All this for less than the value of the trees themselves. No tricks, no strings attached. This place must go so we can devote our full time to the nursery business. Ideal location for a home and an unusual opportunity in the fruit business. The income from only 2 crops should more than pay the price we are asking.

Johnnie King A

OZARK NURSERY COMPANY, TAHLEQUAH, OKLA.

Advantages of Redi-Set Packages

Superior scientifically designed package for top "pick-up" appeal. The "eye-appeal" in trials have outsold competitive items up to 5 to 1 side by side. Only world's finest quality seeds, which have been pre-tested in the garden and in the laboratory and met the highest germination standards, are used.

Seeds are precision planted and spaced in even rows for a more uniform stand. This process also makes transplanting to outside garden easier. (Patent Pending) Sub-irrigation package design makes watering so simple. No need to injure seedlings by top surface watering. (Patent Pending.)

Sufficient planting media and plant food in each container allows plants to be kept for longer time before transplanting, giving more leeway at planting time.

Advantages Of Growing Your Own Plants

Allows you to grow something green in your own home during bad, cold weather, for transplanting later to your garden.

A real "do-it-yourself" project.

Gives you bedding plants at about 20c per dozen, far cheaper than other sources.

Gives a feeling of "accomplishment," and a beautiful yard full of the finest flowers available anywhere.

Price Of Redi-Set

The Redi-Set retail price is 69c per unit. Redi-Set is not the cheapest on the market but is without a doubt the best and returns a much greater store profit per unit sale. The advantages of Redi-Set are many and the retail price is readily obtained even in the face of cheap competition. By setting the 69c retail price, profits are higher and a definitely high quality package can be maintained. Your cost is 38c per unit which gives you a 45% mark-up.

How To Order Redi-Set

Perhaps the best way to buy Redi-Set is to buy an assortment of the best selling varieties. The assortment is made up of the best selling varieties in your area packed in proportion to the way they sell.

For several years we shied away from packaged nursery stock. Many of the nurserymen are requesting it, therefore, it is a proven aggressive, modern merchandising method to help increase your gross sales and net profits. Ozark packaged plants reduce costly handling of plants and create impulse sales. Let us help you.
